PROFESSIONAL SUMMARY

Certified DevOps engineer with 3 years' experience in automation, deployment, and cloud technologies like AWS, Terraform, and Kubernetes. Proficient in optimizing systems and collaborating with cross-functional teams. Seeking a full-time role to apply expertise in driving continuous integration and deployment in a dynamic tech environment.

EDUCATION

University Of Central Florida

May, 2024

MS, Computer Science

Orlando, FL

National Institute of Technology

May, 2019

Bachelors in Technology, Electronics and Communication Engineering

Durgapur, India

WORK EXPERIENCE

Graduate Teaching Assistant

January 2023 - Present

University of Central Florida

Orlando, FL

TA for courses Operating Systems, Secure Operating Systems, Intro to Human Computer Interaction

DevOps Engineer

July 2019 - June 2022

Wipro Technologies Ltd. Nokia

Chennai , India

- Designed and Maintained automated test suites necessary to deliver a high quality product for Nokia.
- Automated and Maintained CI/CD pipelines for code deployment using Jenkins and Gitlab resulting in elimination of 50% of manual work and increased efficiency.
- Developed a ML-based failure classification system that slashed rework turnaround times by 75%.
- Recognized as the Best New Employee of the Year in 2020.

Web Developer Intern

September 2017 - November 2017

Tekie.in, Remote

New Delhi, India

• Contributed to the development of an e-learning website, utilizing Python, Django, and Flask technologies.

PROJECTS

Cloud Projects

- Deployed a Netflix clone application as a docker container on a Kubernates cluster through a secure CICD pipeline using jenkins.
- Used a CI/CD process to deploy a highly available, 2-tier architecture for a wordpress application.
- Deployed an infrastructure for a jenkins server and connected it to an S3 bucket using terraform.

Machine Learning Projects

- Sudoku Solver Used Image processing, Neural Networks and OCR to solve sudoku puzzles placed in front of a camera and overlay the solution on the puzzle.
- Automated Flappy Bird Created an AI that plays flappy bird games using convolutional neural networks.

TECHNICAL SKILLS

Programming Languages - Python, C++, Golang, C, SQL

Cloud & DevOps - Docker, Kubernates, Jenkins, AWS Lambda, AWS CDK, Terraform, Ansible, Grafana, Splunk

Tools & Software - Git, Github, Windows, Linux, Rest API

Certifications - AWS Sysops Administrator Associate, AWS Solutions Architect Associate, AWS Cloud Practitioner
